

-- KIERSTEAD --

The family groups represented in this collection may not be complete, because information was entered bit by bit as I found it or happened upon it; I have not done any systematic research on these families. Because they do not compose whole family genealogies, these listings are arranged differently from most genealogical records or histories. Each listing is a family group, and is arranged and filed alphabetically under the name of the head of the family.

Names are generally in alphabetical order (disregarding spelling variations and middle names), then in approx. chronological order. The first sorting is by surname (mixing together any and all spelling variations), then by given name, then by approximate birthdate (when known) in approximate chronological order. For easier reference, surnames in headings are grouped together under the most common spelling usage that evolved in this geographical location, regardless of individualistic spellings in the records themselves. Cross references are used in most cases where surname spellings substantially vary.

Within the quoted records, the individual spellings have been (mostly) retained because they sometimes provide clues (although in general—but with exceptions—they seem to largely reflect the record keeper's particular orthography and not always, at this early period, any special family preference). Those interested can see the variety and evolvement of a particular name's spelling and the interesting and sometimes amusing attempts at phonetic reproduction. Keep in mind that before names and spellings were standardized, records reflected the individualistic whim of the particular recorder (often two different spellings of the same name within the same document). In addition, all records were handwritten, and sometimes deciphering a handwritten name in early records can be quite challenging! So expect to search under all possibilities of spelling (for both surnames and given names).

Given names are grouped together without regard for middle initials or middle names. Because middle names and/or initials are sometimes used, sometimes not used in various records, it seemed simplest to arrange entries as if the middle names or initials did not exist. Usually all variations of a given name are grouped together as though spelled one way: Jan, Johannes, John, etc. are all grouped as one (but also look under the other forms).

Sources and references are included with each "family" grouping, but may or may not include sources that are cited (or are obvious, such as baptismal records, etc.) within the narrative or listing itself.

As with any compiled genealogical record, researchers should regard this information as leads and clues, and should verify all data with independent research.

I welcome, and would be grateful for, any additions or corrections, especially with source citations.

From *The Minutes of the Board of Proprietors of the Eastern Division of New Jersey from 1725 to 1744*, Perth Amboy (Re: Ramapo Tract; paraphrased unless in quotes)

(Vol. IV, p. 465, Biog.)...Kurstead (Kierstead), Lucas (Luke) (d. ca. 1757): Saddle River, Bergen Co.; claimed 1/12 of the Ramapo Tract for many years, disputing EJP board's title to those lands.

(Vol. II, p. 90) 21 May 1740...Committee appointed to treat with the defendants in the Bergen causes...met with Mr. Moore, Mr. Fauconier, Mr. Fresneau, Mr. Barbarie, Luke Kiersted and others of the Bergen people...on 23 May 1740 the committee met with the same Bergen group, and Mr. Ogden on their behalf offered the Proprietors £300 for the whole tract of land, which the committee unanimously rejected.

(Vol. II, p. 126)...18 August 1741...Mr. Alexander said that 1 July 1741 one LaRue, brother to the LaRues at Ramopock, partners of Kiersted, had come to him and promised that he and his brother would come after the harvest and make up the matter for themselves, and begged that if in the meantime the Proprietors made up with Mrs. Valleau, that the La Rue's land might not be given to her.

(Vol. II, p. 171)...23 June 1742...10 April last Mr. Alexander received from Johannes Vos, one of the tenants that have taken leases of the Proprietors, declarations of ejectment (served apparently at Orange County Court, at the suit of John Bayard on the Demise of Henry Wileman agt. (Vol. II, p. 288)...22 October 1742, John Forman (for the Bd. of Prop.) stayed at the house of Hendrick Laroux...met with Lucas Kiersted and when it was proposed to grant certain land he lived on to Hannes Voss, Kiersted answered "with some warmth, and said he wondered how the Council of Proprietors could do so, for that was the first improvement he ever made upon the land, and that he had possessed it for 30 odd years, till about a year or two ago, he gave Voss leave to live there"...

(Vol. III, p. 67)...20 August 1746...Isaac Brower, William Ramsay and Coonraad Frederick, three of the lessees of this Board of Romopock acquaint this Board that about a week ago, Edward Jeffers came to the mill of Johannes Slott and there publicly said that Mrs. Valleau, her son in law Stout, her son Theodore Valleau, Luycas Kiersted, Roeleff Westervelt and a great number between thirty and forty came and turned him out of possession and obliged him to take a lease of her for seven years and put John in possession of 100 acres adjoining, of which they had given him a lease before...

(Vol. IV, p. 299)...19 September 1785...[Romopock Committee] received information from Mr. Haring that he had discovered by the deed from the Proprietors to the Laroux's and Keirsted that there was granted to them a tract of land of 1200 acres, except 150 acres in possession of Hans Voss, that nevertheless the Laroux's afterwards possessed themselves of Voss's possession and sold the said exception to William Hoppen and that his son is now in possession and is willing to come to an equitable agreement...
