

-- PAULUS, POULES, POWELL --

The family groups represented in this collection may not be complete, because information was entered bit by bit as I found it or happened upon it; I have not done any systematic research on these families. Because they do not compose whole family genealogies, these listings are arranged differently from most genealogical records or histories. Each listing is a family group, and is arranged and filed alphabetically under the name of the head of the family.

Names are generally in alphabetical order (disregarding spelling variations and middle names), then in approx. chronological order. The first sorting is by surname (mixing together any and all spelling variations), then by given name, then by approximate birthdate (when known) in approximate chronological order. For easier reference, surnames in headings are grouped together under the most common spelling usage that evolved in this geographical location, regardless of individualistic spellings in the records themselves. Cross references are used in most cases where surname spellings substantially vary.

Within the quoted records, the individual spellings have been (mostly) retained because they sometimes provide clues (although in general—but with exceptions—they seem to largely reflect the record keeper's particular orthography and not always, at this early period, any special family preference). Those interested can see the variety and evolvement of a particular name's spelling and the interesting and sometimes amusing attempts at phonetic reproduction. Keep in mind that before names and spellings were standardized, records reflected the individualistic whim of the particular recorder (often two different spellings of the same name within the same document). In addition, all records were handwritten, and sometimes deciphering a handwritten name in early records can be quite challenging! So expect to search under all possibilities of spelling (for both surnames and given names).

Given names are grouped together without regard for middle initials or middle names. Because middle names and/or initials are sometimes used, sometimes not used in various records, it seemed simplest to arrange entries as if the middle names or initials did not exist. Usually all variations of a given name are grouped together as though spelled one way: Jan, Johannes, John, etc. are all grouped as one (but also look under the other forms).

Sources and references are included with each "family" grouping, but may or may not include sources that are cited (or are obvious, such as baptismal records, etc.) within the narrative or listing itself.

As with any compiled genealogical record, researchers should regard this information as leads and clues, and should verify all data with independent research.

I welcome, and would be grateful for, any additions or corrections, especially with source citations.

Powles/Paulus/Paulison/Pouwelse/Powell, etc. (are these all related families?)

One Paulus, or Paulison family descended from Paulus Pietersen who was born at Merwen, a small town in Holland, 1632, and emigrated in 1656. He m. (2) Tryntje Martens, Sept. 1, 1685, and located at Bergen, where he became prominent. He d. Dec 18, 1702; his wife d. 19 May 1702.

Powell, Jacob (Pulis? Paulus?)

d. before 23 June 1742

From *The Minutes of the Board of Proprietors of the Eastern Division of New Jersey from 1725 to 1744*, Perth Amboy (Re: Ramapo Tract; paraphrased unless in quotes)

(Vol. II, p. 152)...23 March 1741[42 NS]...Alexander said that on 9 December 1741, William Ramsay requested a lease to Jacob Powells living at the Big Meadow for 200 acres including the meadows...

(Vol. II, p. 172)...23 June 1742...9 April last William Ramsay came and told Mr. Alexander that Cobus Debauu, Sias Valleau & John Vanwey have endeavored to hurt Jeffers (one of the tenants) by false accusations, because he has agreed to take a lease of this board, that said Debauu and Vanwey are purchasers from Fauconier; that Jacob Powels one of the tenants is dead, and his widow is on his place, and is threatened by Sias Valleau to be put out...Ramsay believed that if Marta Meyer (who he said held under Luke Kiersted) was arrested, that he would come in and take a lease from the Proprietors...

(Vol. IV, p. 174)...28 May 1742...Mr. Ashfield ...came to the place where Jacob Panlessey lived on, and there I found his widow and Lawrence Verwey, and he went and called Josias Valleau, he came and claimed the possession, which was delivered to him for Panlessey's widow. So I served a lease of ejection on the latter this day, the 28th of May, and I lay that night at Derrick Vandemaker's...

(Vol. II, p. 278, chart)...27. Jacob Powells dead April 9 1742, lease date 9 December 1741, 200 woodland acres, 20 shill. year rent...
