

-- STURR --

The family groups represented in this collection may not be complete, because information was entered bit by bit as I found it or happened upon it; I have not done any systematic research on these families. Because they do not compose whole family genealogies, these listings are arranged differently from most genealogical records or histories. Each listing is a family group, and is arranged and filed alphabetically under the name of the head of the family.

Names are generally in alphabetical order (disregarding spelling variations and middle names), then in approx. chronological order. The first sorting is by surname (mixing together any and all spelling variations), then by given name, then by approximate birthdate (when known) in approximate chronological order. For easier reference, surnames in headings are grouped together under the most common spelling usage that evolved in this geographical location, regardless of individualistic spellings in the records themselves. Cross references are used in most cases where surname spellings substantially vary.

Within the quoted records, the individual spellings have been (mostly) retained because they sometimes provide clues (although in general—but with exceptions—they seem to largely reflect the record keeper's particular orthography and not always, at this early period, any special family preference). Those interested can see the variety and evolution of a particular name's spelling and the interesting and sometimes amusing attempts at phonetic reproduction. Keep in mind that before names and spellings were standardized, records reflected the individualistic whim of the particular recorder (often two different spellings of the same name within the same document). In addition, all records were handwritten, and sometimes deciphering a handwritten name in early records can be quite challenging! So expect to search under all possibilities of spelling (for both surnames and given names).

Given names are grouped together without regard for middle initials or middle names. Because middle names and/or initials are sometimes used, sometimes not used in various records, it seemed simplest to arrange entries as if the middle names or initials did not exist. Usually all variations of a given name are grouped together as though spelled one way: Jan, Johannes, John, etc. are all grouped as one (but also look under the other forms).

Sources and references are included with each "family" grouping, but may or may not include sources that are cited (or are obvious, such as baptismal records, etc.) within the narrative or listing itself.

As with any compiled genealogical record, researchers should regard this information as leads and clues, and should verify all data with independent research.

I welcome, and would be grateful for, any additions or corrections, especially with source citations.

At the time of their marriage, according to Preakness Ref Ch records, they were both of Wyckoff.

Henry M. Sturr and wife, Salina Youmans were accepted into membership in the Wyckoff Ref Ch 24 Dec 1847.

Bergen County Deed, Book D5, page 387, dated 29 April 1857 conveyed a parcel of land from Henry M. Sturr, and his wife, Sebina, to Abraham Winters. The parcel was located on the west side of Campgaw Road and was bordered on the north by the lands of Albert Pulis by 12 chains and 3 links (793.98 feet) from the middle of the road. Sturr evidently retained property as he bordered on the west and no doubt the property line of Albert Pulis continued on the same course further west.¹

Henry M. Sturr, 46, farmer, and Selina, 42, were listed in the 1870 Federal Census, living in Franklin Township, Bergen County, NJ. Listed with them were: John H., 17, farm laborer; Samuel, 14; Peter, 12; and Mary A., 5. In Germany this family lived in Böhl (12 km. n.e. of Neustadt), Haßlöch (4 km. s.w. of Böhl), and Leeheim.

Miggel Stor, his wife, and 4 children, wer on Capt. Leonard Allen's ship int he 5th party in Holland (Rotterdam Lists); they were recorded near Miggel Pfeffer, Kristiaan Worms, and the Wannemager [Wannemaker] family — all from Leeheim.

Michael Storr made his first appearance on the Hunter Lists 1 July 1710 with 2 pers. over 10 years old and 1 pers. under 10. The family showed 3 pers. over 10 on 4 Oct 1710, and then 3 pers. over 10, and one under 10 yrs. on 29 Sep 1711. Michael Storr aged 38, Anna Marg Storr aged 48, and Eliz. Catherine Storr aged 12 were in New York City in 1710/11 (Palatines in New York City). Michael Storr was noted on the Ramapo Tract Accounts in 1714. Michael Stor and his wife Elisabetha with 3 ch. were at Hackensack about 1716/17 (Simmendinger Register).

Michael Sturr, among the 1710 group of German Palatine immigrants, purchased 210 acres [in the Ramapo Tract?].

The group of Palatine families first lived near Newburgh, NY where they worked on a government naval stores project. When the project failed, the Palatines were left on their own. Johan Dietrich Wanamaker, one of the Palatine group, made arrangements with Peter Fauconnier to move to the Ramapo area (the Island section of Mahwah). On 3 April 1713 they rented a boat to bring them and their possessions down the river, arriving 8 April 1713. Family heads among the group included Johann Dietrich Wanamaker, Peter Wanamaker, Nicholas and Conrad Meissinger, Christian Straight, Adam Miller, Michael Storr, Heinrich Schmidt, and Conrad Linus.
